CONTRA COSTA CLEAN WATER PROGRAM

CCCWP Biennial Construction Stormwater Training Workshop (Registration Required)

Date: Thursday, February 5, 2026, 2:00pm- 4:00pm
Location: Zoom (Online)
Register Here: https://tinyurl.com/bdy5p8h **Scan to Register**:

Workshop Highlights:

- Complimentary training for stormwater professionals serving Contra Costa County's cities, towns, and unincorporated communities
- Deep dive into MRP Provision C.6: Understand the construction stormwater requirements outlined in the Municipal Regional Stormwater NPDES Permit
- Inspection & enforcement essentials: Explore best practices for evaluating construction sites and applying enforcement protocols
- Support tools & resources: Get familiar with helpful materials available to municipal staff and inspectors
- A finalized lineup of topics and presenters to follow

For a refresher on wet season (Oct. 2025 – April 2026) inspection requirements, visit:
Requirements for Construction | CCCleanWater

Who Should Attend:

- Municipal agency staff and consultants reviewing erosion control plans
- Inspectors conducting stormwater inspections at construction sites
- Other relevant stormwater professionals
