4. Inspection Walk-Through (Group Activity)

- ❑ Inspection scenarios activity and discussion

CONTRA COSTA CLEAN WATER PROGRAM

Scenarios from Past C.4/C.5 Workshops

Questions to Consider for the Scenarios

- What are the stormwater issues?
- What are corrective actions to implement?
- What level of enforcement to take?
- What other agencies (if any) should be contacted?

From May 2017 – slides by Jeremy Talarico (Central Contra Costa Sanitary District a.k.a. Central San), Nicole Kozicki (CA Dept. of FIsh and Wildlife), and Chris Tougeron (Contra Costa Health Services Hazardous Materials Program)

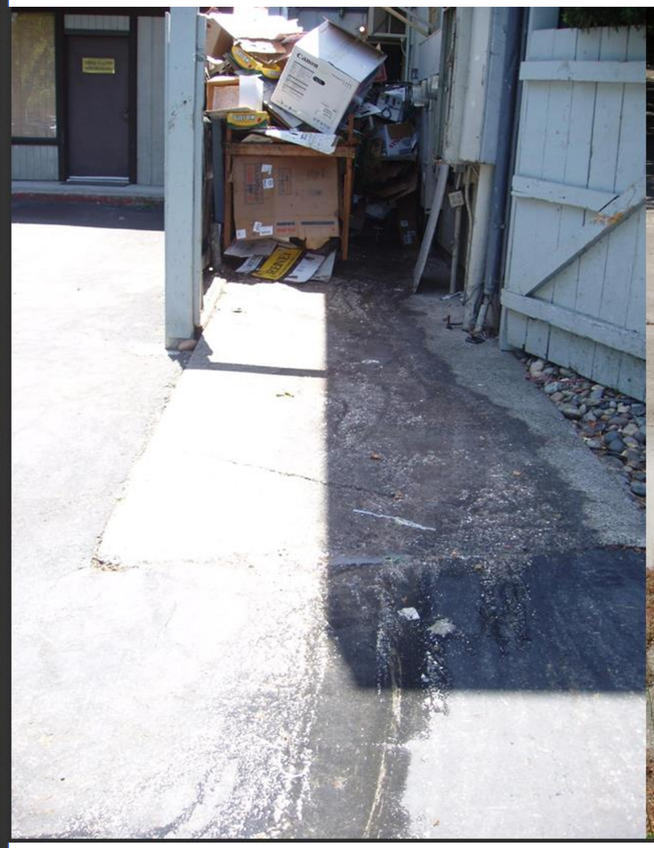
C.4 Routine Inspection #1

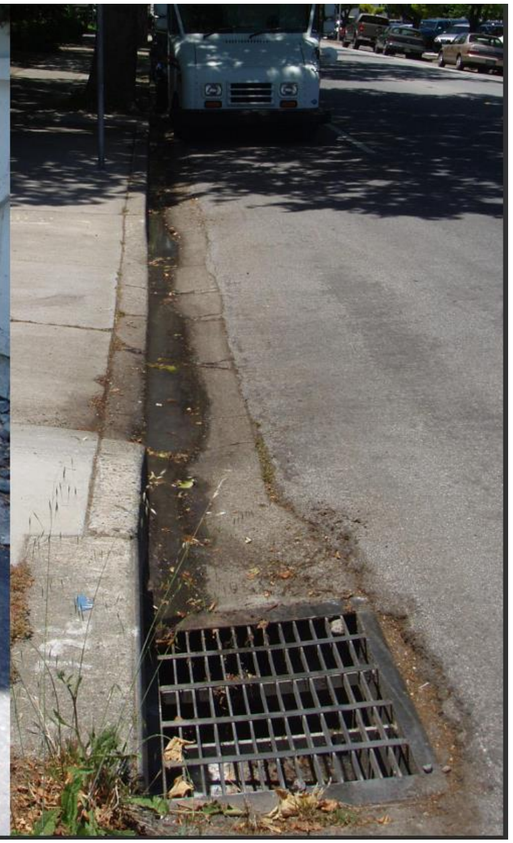
- **Issues?**
- **BMPs?**
- **Level of enforcement?**
- **Which agency/agencies should be made aware?**

From May 2017 – slides by Jeremy Talarico (Central Contra Costa Sanitary District a.k.a. Central San), Nicole Kozicki (CA Dept. of FIsh and Wildlife), and Chris Tougeron (Contra Costa Health Services Hazardous Materials Program)

C.4 Routine Inspection #2

- **Issues?**
- **BMPs?**
- **Level of enforcement?**
- **Which agency/agencies should be made aware?**

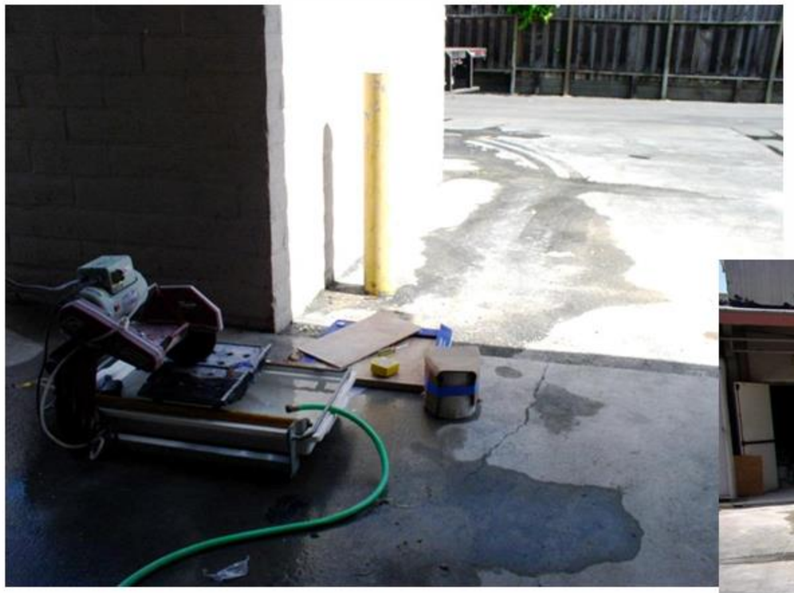




From February 2011 -- slides by Jeff Skinner (Central San)

C.4 Routine Inspection #3

Tile Contractor Laying Flooring



- **Issues?**
- **BMPs?**
- **Level of enforcement?**
- **Which agency/agencies should be made aware?**

From May 2017 – slides by Jeremy Talarico (Central Contra Costa Sanitary District a.k.a. Central San), Nicole Kozicki (CA Dept. of FIsh and Wildlife), and Chris Tougeron (Contra Costa Health Services Hazardous Materials Program)

C.4 Routine Inspection #4

- **Issues?**
- **BMPs?**
- **Level of enforcement?**
- **Which agency/agencies should be made aware?**

From May 2017 – slides by Jeremy Talarico (Central Contra Costa Sanitary District a.k.a. Central San), Nicole Kozicki (CA Dept. of FIsh and Wildlife), and Chris Tougeron (Contra Costa Health Services Hazardous Materials Program)

C.5 Response Inspection #1

- **Issues?**
- **BMPs?**
- **Level of enforcement?**
- **Which agency/agencies should be made aware?**

From May 2017 – slides by Jeremy Talarico (Central Contra Costa Sanitary District a.k.a. Central San), Nicole Kozicki (CA Dept. of FIsh and Wildlife), and Chris Tougeron (Contra Costa Health Services Hazardous Materials Program)

C.5 Response Inspection #2

Generator Leaking Fuel

- **Issues?**
- **BMPs?**
- **Level of enforcement?**
- **Which agency/agencies should be made aware?**

From May 2017 – slides by Jeremy Talarico (Central Contra Costa Sanitary District a.k.a. Central San), Nicole Kozicki (CA Dept. of FIsh and Wildlife), and Chris Tougeron (Contra Costa Health Services Hazardous Materials Program)

C.5 Response Inspection #3

- **Issues?**
- **BMPs?**
- **Level of enforcement?**
- **Which agency/agencies should be made aware?**

From May 2017 – slides by Jeremy Talarico (Central Contra Costa Sanitary District a.k.a. Central San), Nicole Kozicki (CA Dept. of FIsh and Wildlife), and Chris Tougeron (Contra Costa Health Services Hazardous Materials Program)

Discussion – challenges or observations?

- **Identifying issues**
  - Potential vs. actual stormwater discharges
- **Identifying BMPs (corrective actions)**
  - Common themes
- **Identifying level of enforcement**
  - Scenario-dependent: Is this a repeat violation? What's the severity? Is it actively raining?
- **Identifying which agency/agencies should be contacted**
  - Responsible party not always obvious (illegal dumping)
  - Consider jurisdiciton(s) affected
  - Will discuss more after the break!
